TherapeuticsMD, Inc. (the “Company”) is furnishing as Exhibit 99.1 to this Current Report on Form 8-K an update to a slide included in the Company’s investor presentation originally furnished on January 8, 2019. The update corrects a scrivener’s error in the slide by indicating that from launch through December 31st, 2018, IMVEXXY® has been dispensed to approximately 25,500 patients, not approximately 21,200 as indicated in the previously furnished slide. The updated slide will be used, in whole or in part, and subject to modification, on January 9, 2019 and at subsequent meetings with investors or analysts.

The information in this Current Report on Form 8-K (including the exhibit) is being furnished pursuant to Item 7.01 of Form 8-K and shall not be deemed to be “filed” for the purpose of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liabilities of that section, nor will any of such information or exhibits be deemed incorporated by reference into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except as expressly set forth by specific reference in such filing.

Item 9.01. Financial Statements and Exhibits.

Forward-Looking Statements

This presentation by TherapeuticsMD, Inc. (referred to as “we” and “our”) may contain forward-looking statements. Forward-looking statements may include, but are not limited to, statements relating to our objectives, plans and strategies, as well as statements, other than historical facts, that address activities, events or developments that we intend, expect, project, believe or anticipate will or may occur in the future. These statements are often characterized by terminology such as “believe,” “hope,” “may,” “anticipate,” “should,” “intend,” “plan,” “will,” “expect,” “estimate,” “project,” “positioned,” “strategy” and similar expressions and are based on assumptions and assessments made in light of our managerial experience and perception of historical trends, current conditions, expected future developments and other factors we believe to be appropriate.

Forward-looking statements in this presentation are made as of the date of this presentation, and we undertake no duty to update or revise any such statements, whether as a result of new information, future events or otherwise. Forward-looking statements are not guarantees of future performance and are subject to risks and uncertainties, many of which may be outside of our control. Important factors that could cause actual results, developments and business decisions to differ materially from forward-looking statements are described in the sections titled “Risk Factors” in our filings with the Securities and Exchange Commission, including our most recent Annual Report on Form 10-K and Quarterly Reports on Form 10-Q, as well as our current reports on Form 8-K, and include the following: our ability to maintain or increase sales of our products; our ability to develop and commercialize IMVEXXY™, ANNOVERA™, BIJUVA™ and our hormone therapy drug candidates and obtain additional financing necessary therefor; whether we will be able to comply with the covenants and conditions under our term loan agreement; the potential of adverse side effects or other safety risks that could adversely affect the commercialization of our current or future approved products or preclude the approval of our future drug candidates; the length, cost and uncertain results of future clinical trials; the ability of our licensees to commercialize and distribute our product and product candidates; our reliance on third parties to conduct our manufacturing, research and development and clinical trials; the availability of reimbursement from government authorities and health insurance companies for our products; the impact of product liability lawsuits; the influence of extensive and costly government regulation; the volatility of the trading price of our common stock and the concentration of power in our stock ownership.

This non-promotional presentation is intended for investor audiences only.

Strong Positive Launch

through December 31st, 2018

- Total units since launch ~62,400 paid scripts¹ dispensed to ~25,500 patients
 - Dec. 1st – Dec. 31st total units of ~19,800 paid scripts¹ (increase of ~38% Nov/Dec)
- Week ending December 21st ~6,100 total paid scripts^{1,2}
- ~7,300 prescribers had a filled prescription (increase of 13% Nov/Dec)
- Refills continue to exceed VVA treatment averages
 - 62% of eligible IMVEXXY patients have filled their 4th script
 - 2.3 average IMVEXXY fills per patient, which is 82% of the maximum possible fills for those patients³
 - Previous two dyspareunia products averaged 1.7 fills per patient⁴ during the first year of launch

¹Units are based on IQVIA and copay redemption data based on utilization of our affordability programs. Cash pay or covered by insurance. Retail data for one week estimated on launch trends.

²December 21, 2018 was the last full week before the holiday period.

³Imvexxy fill data is based on IQVIA and copay redemption data.

⁴Previous two launches is based on Symphony total script data divided by the patient count data from IQVIA total patient tracker info from the 12 months of launch.
