FOR IMMEDIATE RELEASE

## **TherapeuticsMD Applauds Congressional Leadership on Passage of Drug Quality and Security Act**

Boca Raton, FL, November 19, 2013 – TherapeuticsMD, Inc. (NYSE MKT: TXMD), a women's healthcare company, commented today on yesterday's passage of H.R. 3204, the Drug Quality and Security Act.

Robert Finizio, Chief Executive Officer and Co-founder of TherapeuticsMD, said, "The Drug Quality and Security Act is intended to improve the safety of drugs manufactured by compounding pharmacies in the United States and is a vital step for protecting public health. We applaud the many legislators in both houses of Congress who came together in a strong bipartisan effort to pass this critical legislation.

"Compounding pharmacies play an important role in our healthcare system, complementing the broad range of products available from pharmaceutical companies by making it possible for consumers to access drugs in certain formulations they would otherwise be without. We are proponents of tighter FDA oversight to ensure that safety, efficacy and quality standards of pharmacy-compounded products safeguard public health and restore trust in the products produced and sold by these pharmacies."

This legislation received strong bipartisan support in both the House of Representatives and the Senate.
